

# [330a] Try it yourself Answer

```
using System;
```

```
namespace LWTech.ChipAnderson.HelloWorldApp
```

```
{  
    class Program  
    {  
        static void Main(string[] args)  
        {  
            string one = "The symbol for a double quotation mark is: ";  
            string two = "\"";  
            Console.WriteLine($"{one}{two}");  
  
            Console.ReadLine();  
        }  
    }  
}
```
